

Starters for Fluorescent Lamps

Product information

GE's environmentally friendly, premium quality glow switch starters are designed to reliably ignite fluorescent lamps coupled with conventional electromagnetic gears. These starters are also recommended for use with GE T8 LongLast™ lamps due to their improved durability, ensuring safe operation over an extended period.

Features

- Lead free glass component
- Radioactive free design
- Outstanding reliability – up to 10,000 switches
- Flame-retardant plastic canister for safety
- Reliable operation in a wide ambient temperature range
- ENEC-certified

Product range

Fluorescent Lamp Wattages														Product Designation	Product Code	
4/6/8W	10/13W	15/16W	18/20W	22W	30/32W	38W	36/40W	58/65/80W	70W	75W	85W	100/115W	125/140W			
Single operation on 220-240V
