IBT/C-0,05-24-T4,6-4

General information

Product description:	CT 42 žár.tel. 24V 50mA T4,6
Model/Description:	Telefonní žárovka
Finish:	Miniaturní
Brand/Manufacturer:	NBB
Nominal voltage:	24,0V
Nominal service life:	5.000 h

Physical characteristics

Bulb design:	Clear/čirá
Cap:	T4.6
Type and imposition of filament:	C2F
Dimensions:	Ø 4x22mm
Packing method:	1/100
Weight net:	40 g box/balení
Weight gross:	66 g box/balení

Electrical characteristics

Nominal wattage:	1,2W
Rated current (A):	50mA
Operating voltage:	23,0-25,0V
Type of Voltage:	AC/DC

EuP Parameters

Average Lifetime B50:	2.500 h
-----------------------	---------

Doplňující informace

Note:	White box/bílá krabička
-------	-------------------------

Working conditions

Dimmable by conventional dimmers:	Ano
-----------------------------------	-----

Burning position:	Any/Libovolná
-------------------	---------------

Method of use:	Optická signalizace
----------------	---------------------

EuP regulations

The rate of premature failures:	<1%
---------------------------------	-----
